I support the rejuvenation of Alexandra Theatre, to deliver a state of the art venue for our local community to enjoy for years to come.

As with many coastal towns, Bognor Regis is positively seeking to improve its offer as one of England's premier coastal tourist destinations. The rejuvenation of Alexandra Theatre will provide many benefits, including:

- New employment opportunities whilst also retaining existing jobs;
- Improve the town's economy and deliver long term investment to Bognor Regis;
- Increase visitor numbers and make the building more sustainable;
- Offer the finest range of arts and entertainment events and programmes.

I support the plans to rejuvenate Alexandra Theatre
